MACEWAN

thinking Twice?

Life is full of choices, some big, some small.

Choosing to go to university is a big decision. We just want you to remember that the University of Alberta isn't your only choice.

At **MacEwan School of Business** we know that not everyone succeeds in a class of 250 (or more). That's why our class sizes rarely exceed 50 students. We also hire professors with real world experience who choose to teach here because of the small class sizes. This gives them the ability to really interact with their students. So you are a person, not a number. And you succeed.

This is the MacEwan difference.

And you know that MacEwan is a quality institution. We've got history, and a reputation for providing quality curriculum and amazing grads. We now grant degrees, so you can start your Bachelor of Commerce, or get focused on an international program like Asia Pacific Management or our Bachelor of Applied International Business & Supply Chain Management.

Life is full of choices. MacEwan School of Business has the education for you that makes sense. Now. Visit www.MacEwan.ca/business
