THE GATEWAY is published by the Gateway Student Journalism Society (GSJS), a student-run, autonomous, apolitical not-for-profit organization, operated in accordance with the Societies Act of Alberta.

THE GATEWAY is proud to be a founding member of the Canadian University Press.

complaints

Comments, concerns, or complaints about the Gateway's content or operations should be first sent to the Editor-in-Chief at the address above. If the Editor-in-Chief is unable to resolve a complaint, it may be taken to the Gateway Student Journalism Society's Board of Directors; beyond that, appeal is to the non-partisan Society OmbudsBoard. The chairs of the Board of Directors and the OmbudsBoard can be reached at the address above.

copyright

All materials appearing in the Gateway bear copyright of their creator(s) and may not be used without written consent.

disclaimers

Opinions expressed in the pages of the Gateway are expressly those of the author and do not necessarily reflect those of the Gateway or the Gateway Student Journalism Society.

Additionally, the opinions expressed in advertisements appearing in the Gateway are those of the advertisers and not the Gateway nor the Gateway Student Journalism Society unless explicitly stated.

colophon

The Gateway is created using Macintosh computers, HP Scanjet flatbed scanners, and a Nikon Super Cool Scan optical film scanner. Adobe InDesign is used for layout. Adobe Illustrator is used for vector images, while Adobe Photoshop is used for raster images. Adobe Acrobat is used to create PDF files which are burned directly to plates to be mounted on the printing press. Text is set in a variety of sizes, styles, and weights of FENICE, Joanna, Kepler and Whitney. The Manitoban is the Gateway's sister paper, and we love her dearly, though "not in that way." The Gateway's games of choice are Blue Moon City and Scrabulous.

COUNCIL FORUM

Written by Jon Mastel

Students' Council meets every second Tuesday in the Council Chambers in University Hall at 6pm. Council meetings are open to all students. The next meeting will be held on Tuesday, 20 November, where free food will not be provided for any attendee.

DANGEROUSLY LOW BLOOD SUGAR LEVELS

SU Student-at-Large Michael Kwan presented on the Council Outreach Program in regards to food. Since the 30 October meeting, Council stopped providing food at the meetings, and Kwan believed that it would deter students from wanting to attend, hence they would not learn the dynamics of Student Council. Councillors asked

numerous times in numerous ways if Kwan thought that the food was the main reason students attended. His answer was consistently yes, even going so far as mentioning that there is a free-food-on-campus Facebook group.

QUESTION PERIOD

Vice-President (Operations and Finance) Eammon Gamble was asked what would happen to the wireless internet network that the SU operates in SUB now that the University was providing it. Gamble responded by stating that it would be transferred to Dewey's, RATT, and other floors of SUB.

“ He sends a sincere sorry for not attending from his heart, or whatever he calls it.

CHRIS LE

Vice-President (Student Life)

—On President Michael Janz's absence

Council Administration Committee (CAC) Chair Prem Erubetina was asked about the Council Mentorship Program, specifically regarding the number of students involved. He stated that he's trying to get students involved but is finding little interest.

Vice-President (Student Life) Chris Le was questioned if Council members should wear business attire to meetings. Le replied, that after fighting for affordable tuition and housing, fighting against other fees, and trying to make the Campus more student friendly, he would fight Moore's for cheaper suits.

Vice-President (Academic) Bobby

Samuel was asked about online fees. Some classes have students submit assignments online for an outside company to mark, and some students are being billed for this. Samuel says that the SU has been "tasked" with finding the students that are being billed and informing the University. Affected students are encouraged to contact Samuel personally.

ATTENDANCE

The following councillors were absent for the 30 October meeting: Vandersluis (Education), Stedman (Law), Hussein (Medicine and Dentistry), Farhat (Science).

CAMPUS CRIME BEAT

Compiled by Cody Civiero

PEDESTRIAN FLOORED BY FORD

On 31 October at around 6:30pm, a vehicle was turning onto 87 Avenue from 112 Street when it struck a pedestrian. The pedestrian was knocked over but was apparently unhurt. The driver didn't stop and fled the area in the vehicle. The vehicle was described as a dark blue Ford truck. The matter was turned over to the EPS for further investigation.

SUMMONS FOR THE SOUSE

Shortly past midnight on 1 November, a suspicious male was observed near the entrance of the Newton Place residence. He was stopped and subsequently found to be intoxicated. The male lied to CSS, stating he was a student who lived in Lister. Further investigation revealed that the male's story was untrue. He was issued a summons for being drunk in public and sent on his way.

TRAFFICKER FAILS TO OBEY TRAFFIC LAWS

Around 8pm on 1 November, a vehicle was stopped on 112 Street for making an unsafe left turn. The driver was identi-

fied as a person of interest to police and had a lengthy criminal record including drug trafficking and weapons related charges. The driver was without vehicle insurance, and his vehicle was subsequently towed. He left the area in a cab with several traffic tickets in hand.

ROBELESS RAMPAGE

On 3 November at around midnight, a male patient was removed from the University hospital by security for causing a disturbance. The male, wearing only his hospital robe, was observed chasing a female in HUB Mall. CSS members responded, at which time the male removed his remaining clothing and exposed himself. The male was

placed under arrest for indecent exposure and resisted when CSS members attempted to take custody of him. The male was later turned over to the EPS, who found him another hospital to call home.

DID THE HELICOPTER LAND FOR A DOUBLE-DOUBLE?

On 4 November at 3am, the EPS contacted CSS requesting assistance in locating a hit-and-run driver who had evaded police and was seen heading into the University area. An EPS canine unit and Air One responded as well. The driver was subsequently found hiding near the campus Tim Horton's and was taken into custody.

STREETERS

Compiled and photographed by Steve Smith and Liz Durden

As you may be aware, four members of Greenpeace recently rappelled off of and hung from the High Level Bridge to protest oilsands development.

If you were to rappel off of something to protest something else, what would those two things be?

Shane Garbett
Science I

Kyle Stephens
Phys I

Carly Perreux
Phys Ed I

Mike Vanden Ham
Engineering VI

I would have rappelled off of Rexall Place during the lockout to say, "Let's get back to the NHL."

To protest animal abuse and stuff like that, I would rappel off a major department store in New York that sells high end fashion that they abuse animals for.

I would rappel off of a blue whale because they're really big. To protest whaling. [It would be] definitely in the water.

I'd probably rappel off of the 10m tower at Kinsmen to protest the shitty job they did repairing the facility.
