Comments, concerns, or complaints about the Gateway's content or operations should be first sent to the Editor-in-Chief at the address above. If the Editor-in-Chief is unable to resolve a complaint, it may be taken to the Gateway Student Journalism Society's Board of Directors; beyond that, appeal is to the non-partisan Society OmbudsBoard. colophon

The Gateway is created using Macintosh computers, HP Scanjet flatbed scanners, and a Nikon Super Cool Scan optical film scanner. Adobe InDesign is used for layout. Adobe Illustrator is used for vector images, while Adobe Photoshop is used for raster images. Adobe Acrobat is used to create PDF files which are burned directly to plates to be mounted on the printing press. Text is set in a variety of sizes, styles, and weights of FENICE, Joanna, Kepler and Whitney. The Manitoban is the Gateway's sister paper, and we love her dearly, though "not in that way." The Gateway's games of choice are N+, Lights Out, PixelJunk Monsters, but who the fuck cares because it's my birthday.

CAMPUS CRIME BEAT

Compiled by Cody Civiero

ROAD RAGE

On 22 January at 6:15pm, a Campus Security peace officer asked a driver to move his vehicle in order to relieve the traffic in response to a complaint of a traffic jam on 112 street. The driver responded with several expletives and drove away, spinning his tires and driving through a stop sign in the process. The driver was then pulled over, at which point the CSS member calmed the driver down. The driver told the officer that he was having a bad day. The driver was then sent on his way with a ticket for parking in an emergency zone, but only received a warning for stunting and the stop sign violation.

HAZMAT, WILL TRAVEL

At 9:45am on 23 January, Campus Security and the Edmonton Emergency Services responded to a chemical spill in the Chemistry building. A University plumber was working on a sink drain in the room and was splashed with a corrosive liquid that was in the drain. The Edmonton Fire Department HazMat team was called out, and the building was evacuated. The chemical was found to be neutral, with minor corrosive effects. The plumber was taken to Health Services for treatment of a minor eye irritation.

DROP IT OFF LIKE IT'S HOT

On 23 January at 10:30am, Campus Security responded to a mischief complaint at the Devonian Botanical Gardens located southwest of the city. During the

previous night, someone drove a vehicle through a fence and onto the property, where they drove recklessly through several areas and caused an undisclosed amount of damage. The vehicle was then set on fire while the driver left the area. The incident is currently under investigation by CSS and the RCMP.

WE ARE GETTING VERY SLEEPY, BABY

At 8:00am on 25 January, a female student was walking near the Tory Lecture Theatre when she was approached by an unidentified male who began asking her strange questions. The man said he was interested in having the student "hypnotize" him. He then made unwanted advances toward the student. The student ignored the male's comments and walked into the building, while the man continued walking east-bound along Saskatchewan Drive. The suspect is described as Caucasian, mid-30s, approximately 6' tall and weighing 200lbs, and carrying an over-sized pocket watch.

DOUBLE-DUI AT DENT-PHARM

On 27 January at 2:40am, a vehicle was stopped by Campus Security peace officers for driving the wrong way on a one-way on 89 avenue in the bus loop in front of the Dentistry/Pharmacy Building. The driver was found to be intoxicated and was subsequently turned over to the Edmonton Police Service. The driver blew almost three times the legal limit and was charged for the offence by the EPS.

A second vehicle was stopped by Campus 5-0 for driving the wrong way on 89 avenue at the same time as the above-mentioned driver was being arrested for driving while impaired. The second driver was also impaired and turned over to the EPS.
