

VICE PRESIDENT OPERATIONS & FINANCE

THE VICE PRESIDENT (OPERATIONS AND FINANCE) IS RESPONSIBLE FOR MANAGING THE STUDENTS' UNION'S MORE THAN \$9,100,000 BUDGET.

PETER RYCHLIK

I'm Peter Rychlik and I'm running for SU VP Operations and Finance. My platform is based on the foundation of student-friendly work and play environments. This includes things like overhauling the three decades old equipment in RATT, and bringing modern commercial kitchen appliances in to drastically reduce current waiting times. These upgrades will pay for themselves within the year, seeing as RATT grosses more than 32K a year, net.

Included in my focus on student-friendly environments, would be to end Powerplant's role as a concert venue, seeing as that is a big loss for that facility, and it is ill-suited to handle events such as all-ages shows. However, expansion of its moderately successful coffee shop and

lounge, Dewey's would be only a benefit the students and the SU. Reform and restructuring of management and focus will be necessary for the Powerplant to become profitable.

Also, a future investment goal of my campaign would be to see that student run businesses are maximized and the SU budget be increased to \$10M, at the least, in order to fund new projects such as new computers in SUB. A vote for Peter Rychlik is a vote for a Rych student body.

STEVEN DOLLANSKY

Steven Dollansky is a fourth year science student and the current Vice-President (External) of the Students' Union. He is a member of Students' Council (since 2006), the president of the A-Link Volunteer Enhancement program, a member of the Government of Alberta's Student Finance Board, the vice-chair of the Council of Alberta University Students, and a member of the University of Alberta Senate.

As your Vice-President (Operations & Finance), Steven will renovate Students' Union Building's lower level to create a visible and inviting space for the Students' Union Services. He will reduce the Students' Union's reliance on student fees by limiting increases to inflation and by closing CUE, the

lower level's video arcade and pool hall, in order to expand the capacity of the Print Centre. Steven will secure space for the Campus Food Bank in an enhanced facility that can meet current demand with increased capacity. Additionally, he will increase support for student groups by providing more resources in a streamlined granting system, and by prioritizing the creation of new student group office space in all renovations. This March 5th and 6th vote Steven Dollansky for Vice-President (Operations & Finance).
